Dear Ramandeep,

It was nice talking to you just now.

As discussed, we have a large of agents that we have recently signed up in India, therefore, we are not pro actively looking for new agents.

Having said that, we do want to give you a chance so we would like your agency to enrol at least "2" students at the University of Lethbridge for this coming Spring 2020 intake and we will then be happy to process your agency application to become a partner.

We will of course wait until the 2 students have joined and commenced their program before signing a formal agreement. We will also pay commission for any number of students you have recruited for this Spring intake even though we won't have a formal agreement by then. You can treat this email as a confirmation of the same.

Lastly, I will be happy to assist your team with any questions they have about our program, admission process etc.

Looking forward to receiving same applications and please always cc me with all applications you sent to us so I can keep a record.

Kind regards,

Bashaar Ansari, BCom, MA Management

**Subject:** //For International Students..

Dear Bashaar,

This is Manpreet from Sia Immigration further to your conversation with Ramandeep (7782575507) , here I am sending you a request to become authorised representatives for international student recruitment.

We are an authorized Canadian Immigration consultancy firm. We are a registered member of ICCRC.

We have been successfully recruiting students to various public institutes of Canada like Kwantlen polytechnic university, university of Regina, Thompson rivers university, Okanagan college , ucw, Okanagan college and many more .

As we work actively for immigration and for student recruitment, hence we get a lot of quires from students looking to change their institute. These students are of **various nationalities** and already studying in Canada on a valid study

permit.

We always get quires from international students about pursuing higher studies at Your Institution . Also we get a lot of quires from international students who are already in canada and plan to change their campus .Hence we intent to become authorized representatives.
