Text: I have reviewed the application.

Applicant Submitted Education Transcripts indicating, graduated from Punjabi UNIVERSITY with Bachelor of Computer Applications degree in 2020.

Applicant is requesting a Study Permit to attend a year College Graduate Certificate program in Information Technology at Algoma University.

On review of all information including PA's previous educational history, their motivation to pursue studies in Canada at this point does not seem reasonable.

Proposed study or program content and level appears to overlap or fall below studies and work/skills experience already obtained by the applicant.

Your proposed studies are not reasonable in light of: your qualifications, previous studies, level of establishment and/or your future prospects and plans.

Chosen program and course content at the college level at such expense appears illogical and redundant in light of the PA's reported scholarly history, thus the proposed program does not adequately demonstrate a logical progression of studies, hence I am not satisfied that applicant would not have already achieved the benefits of this program.

Based on the above balance, I am not satisfied that this applicant is a bona fide student. Weighing the information on hand in this specific case, the applicant has failed to establish that they are a bona fide temporary resident who will leave Canada following the completion of their studies pursuant to section R216 (1)(b) of IRPR. Application refused as per R216.
