I have reviewed all the documentation provided for this application. Summary of key findings below:

Applicant is 29 years old seeking to obtain a 2-year MBA at University Canada West; see LOA/Proof of enrollment on file.

PA holds BBA (2017); employed as an Assistant Manager.

English test results have not been provided; unable to determine applicant's ability to handle an English-language course load. As such I am not satisfied PA will be able to successfully complete an English language study program in Canada.

The applicant has provided financial documents including partial first year tuition, GIC, CA/valuation report and ITRs. After reviewing these documents, I am not satisfied that the applicant has sufficient finances readily available to fully cover their tuition and living costs while studying in Canada.

The applicant has failed to satisfy me that pursuing the selected program of study is reasonable given the high cost of international study in Canada when weighed against the potential career/employment benefits after completion, and the local options available for similar studies. See LOA.

On balance, after review of all information including PA's previous educational history, relevance of the proposed course of study and taking into account factors such as personal establishment the applicant has failed to satisfy me that they meet the requirements of the Act and will leave Canada
