At this time, Selkirk College international students with a valid study permit are permitted to travel to Canada for their studies, whether their program is online or on campus. Please see further information in this link:

STATEMENT OF PURPOSE: EDWIN SAMUEL

Introduction:

I am Edwin Samuel, an Indian student hereby furnishing my statement of purpose for student visa application to Canada for Studies in Post-Graduate Diploma in Gerontological Nursing at Selkirk College, British Columbia.

After much discussions with my friends, family and Seniors, I have come to the conclusion for specialization program in the field of Gerontological Nursing (old Age Care Giver) in Canada, will be the best program for me as I from the family which has deep roots in Medical. My Mother is an Senior Nursing Officer, her dreams is that I also become nursing staff and do furthur education and to serve people. My mother is Post Graduate and is working in PGIMER, Chandigarh. My father runs a business which includes retail of construction material. After completing my Senior Secondory education i enrolled myself in Diploma in General Nursing and Midwife as I was not eligible for Bachelor in Nursing due to Arts Stream in my secondary education. Later I convinced my mother and father that I want to fulfill the dreams of my mother and i want to pursue my furthur education. I did my survey and found Post-Graduate Diploma in Gerontological Nursing in Selkirk College, BC, Canada. I wish to work with Super-Speciality Hospitals in the future as India is going through Privatization of Healthcare sector. My academic, family backgrounds along with the reasons for selecting the course and future plans post completion of my studies are detailed her under;

○ Before Delivery

After Delivery.

My Interest in Gerontological Nursing?

I am inclined to this course because of many reasons.

1. My Mother is from a medical profession, her dreams is that I also become medical personnel and serve the suffering.
2. My home town is Chandigarh, Capital of two States, Punjab and Haryana, it has one of the Prestigious Health Institution Post Graduate Institute of Medical Sciences (PGIMER) which has world class facilities and highly qualified professionals/ doctors/ scientist. To earn their respect and to bring Further qualitative growth I need to have specialization as well as International Exposure.
3. Chandigarh was established in 1960's and that time it was designed to be Retired Peoples City. Over the time the city has grown and the population has increased from 300,000 to almost 1,500,000 with almost 17% population over the age of 55. My city needs specialist for old age Care.
4. **Tremendous growth Potential:** With the above program I can have multiple Career options post my studies. India is going through large scale privatization of Healthcare sector. Right from infants to elderlies, every individual require specialised care and treatment, along with upcoming changes in trend of providing therapeutic care to specific groups. There is huge potential in this sector.

Why Gerontological Nursing at Selkirk College?

1. I did my research for Gerontological Nursing in India and found the Only few institutions are offering this program that two at Post graduate level. There is no such course available in India with my eligibility.
2. I further searched and found various link suggesting in Elderly or Childhood Education in Canada and USA. I also found that Post-Graduate Diploma in Gerontological nursing at Selkirk College is one of the prestigious program in Canada. I have studied the program content and found quite interesting:
 - a. Post-Graduate Diploma with a specialization in Gerontological nursing (older age care) is designed to provide students with the practical skills and international perspective required for a successful career in the healthcare field.
 - b. Students will gain specialized knowledge in practical and theoratical knowledge regarding care and management of elderly people. Students will gain an understanding the physical, mental, social well- being of an aged person, with a focus on providing effective and promotive care to the individual.
 - c. Students will learn about the decision-making role of the nurse in transforming organizational inputs into desired outputs with analysis of the issues of designing, scheduling, operating and providing effective care. Students will be provided with the tools to understand the complexities of international nursing trends along with effective techniques to improve their method of performing tasks.
3. This is 2 year course which will give me edge while getting good job in India and specially in PGIMER which is just next to my home.

This program offers real environment teaching by doing internship with various healthcare sectors and also I will have time to explore more (CO-OP). This gives more exposure on real life working.

Why Canada?

With my strong reasons of choosing the Gerontological Nursing program, I preferred Canada instead of USA as Canada is an ideal place for higher studies.

- Canada has well developed and established Health Care system, in fact it is considered to have one of the best management practices in this field.
- Canada is Front runner in Health Care. Since Canada's Population is also aging, Canada has developed with qualitative health systems and Techniques to keep its people healthy.
- Many of the Canadian colleges and universities are present in reputed international rankings. Canada is one of the safest countries in the world, with a low crime rate.
- Every year, talented students from all over the globe do come Canada to study so that they can make their dream come true. Studying with them will surely expose me to their cultures and ethics, Business trends and I will also get to know their needs/ strengths / management styles and how their govt's are taking care of the people.
- Moreover, this kind of specialized program is not available in my home country or in other countries at this affordable fee.

Looking the above reasons, I choose to learn from the BEST Country.

Financial & Family Background

Duration of my program is 2 Years; I have paid **my One Year tuition fees of \$16,789(CAD)** and got **GIC of \$10,000 (CAD)** for **one year living expense**. My Fee is being sponsored by Family. My Father is Businessman and my mother is Govt. Employee. My Parents have savings for me from which I have paid my 1st Year fee and GIC. We have further Savings in the bank of which is almost for my 2nd year fee. My Mother has regular income from her job and my father has also regular income from business and rentals. Also my Father is also sponsoring me as he has well-established source of income. I have a younger sister. She is also pursuing her education in Bachelors in Science. To fund my education, they have all the resources (ancestral savings) and own regular income and savings. I will always be indebted to my family and would always be with them in their oldage.

Future plan and Career goals:

As I am very much sure about my decision about study this program, I am also very clear about my future plans of settling back in my home town Chandigarh which was established in 1960's and that time it was designed to be Retired Peoples City. Over the time the city has grown and the population has increased from 300,000 to almost 1,500,000 with almost 17% population over the age of 55. My city needs specialist for old age Care.

Having Canadian Education can open very good opportunities to me in my home country as mentioned above. I sincerely hope Post-Graduate Diploma in Gerontological Nursing at Selkirk College, British Columbia will provide me great chances to learn hands on with the best experts and experiences during my study. I will develop excellent skills and will also possess great exposure, which will help me in getting recruited with reputed organization in India.

Biometric Instruction Letter

Dear Edwin Samuel,

This letter refers to your application to Immigration, Refugees and Citizenship Canada (IRCC) for one of the following documents:

- temporary resident permit;
- work permit;
- study permit;
- temporary resident visa;
- visitor record;
- permanent resident application; or
- permanent resident card renewal.

Under the *Immigration and Refugee Protection Act (IRPA)* and its *Regulations*, you are required to have your fingerprints scanned and your photograph taken (your biometrics) at a biometric collection service point to help Visa Officers determine if you may enter or stay in Canada. Most applicants will need to give their biometrics at a biometric collection service point abroad **before** they travel to Canada.

Only those who are eligible to apply for a work permit or a study permit at a designated port of entry can give their biometrics upon arrival.

Why is IRCC collecting my fingerprints and photograph?

Your biometric information will be used under the *Immigration and Refugee Protection Act (IRPA)* and its *Regulations* to determine if you may enter or stay in Canada. Your fingerprints may also be shared with law enforcement agencies in Canada and may be used for the enforcement of any Canadian or provincial law. For more information about why the Government of Canada collects biometrics, how it uses your information and how it protects your privacy, please visit:

<https://www.canada.ca/en/immigration-refugees-citizenship/campaigns/biometrics/facts.html> and
<https://www.canada.ca/en/immigration-refugees-citizenship/campaigns/biometrics/protecting-applicants-privacy.html>.

What you need to do next:

You need to take this letter with you and go **in person** to any biometric collection service point to have your fingerprints and photograph taken. **Before you go, you need to make an appointment.**

- If you are outside Canada or the United States, you may go to any Visa Application Centre (VAC) most convenient to you.
- If you are in the United States, you may go to a United States Citizenship and Immigration Services (USCIS), Application Support Center (ASC) or a Visa Application Centre (VAC) located in the United States or its territories.
- If you are in Canada, you may go to a designated Service Canada location.

For more information on where to give your biometrics, please visit:

<https://www.canada.ca/en/immigration-refugees-citizenship/campaigns/biometrics/where-to-give-biometrics.html>.

What you need to bring with you:

When you present yourself at the biometric collection service point of your choice, **you must** bring the following:

- a **copy of this letter**, and
- the **passport** or **travel document** that you referenced in your application.

Note: This letter is also your proof that:

- you have paid the biometric fee; or
- you have claimed an exemption from the biometric fee under section 315.1 of the *Immigration and Refugee Protection Regulations* (IRPR). If, after reviewing your request, it is determined that you do not qualify for an exemption and are required to pay the biometric fee, you will be contacted by IRCC and your fee payment options will be explained to you.

FOR OFFICIAL USE AT BIOMETRIC COLLECTION SERVICE POINTS:

Family Name: Samuel
Given Name: Edwin
Date of Birth: 1996/10/28 (yyyy/mm/dd)
Gender: M
Country of Birth: India (205)
Citizenship: India (205)
IRCC No.: 1000004688195

For Visa Application Centre (VAC), IRCC Office, or Service Canada location:
IRCC No.:

For US Application Support Center (ASC) use:

Important Information

You have 30 days from the date of this letter to present yourself at a biometric collection service point to give your biometrics:

You must visit a biometric collection service point to have your fingerprints scanned and photograph taken **on or before** August 09, 2021 . If you do not comply, your application may be refused. If your application is refused, you will have to submit a new application and pay the applicable fees.

If you cannot provide your biometric information (photograph and/or fingerprints) or if you need more than the 30 days, please complete a webform at <https://www.cic.gc.ca/english/contacts/web-form.asp> and provide a detailed explanation.

If you have injuries or medical conditions:

Some injuries and medical conditions may affect your ability to provide your ten (10) fingerprints or photograph. If you have a temporary injury or condition on your face and/or hands, you should wait until the injury heals or condition improves before you give your biometrics. If you have a permanent injury or medical condition on your face or hands, your photograph will still be taken and you will be asked to provide as many fingerprints as possible.

If you hold multiple citizenships:

You must use the same travel document throughout the application process, including when you go to a biometric collection service point to give your biometrics. You must also use the same travel document upon arrival in Canada.

Dear Edwin Samuel,

Your application to study in Canada has been approved. A permit authorizing your studies will be issued to you on your arrival to Canada following an examination by an officer of the Canada Border Services Agency, subject to your compliance with the requirements of the *Immigration and Refugee Protection Act* and its Regulations. The officer will ask to see this letter, your passport and may request to see your supporting documents, such as the letter of acceptance from your educational institution. Do not pack these or other valuable papers in your checked luggage. You can find out more about which documents you will need to bring with you by visiting www.cic.gc.ca/english/study/study-arriving.asp.

As you gather your documents, please take note of the following:

- **This letter is not a passport or travel document.** You will not be permitted to board your flight without your passport, even if you have this letter with you.
- **This letter is not an authorization permitting you to enter or remain in Canada.** An officer of the Canada Border Services Agency will make that determination upon your arrival to Canada.
- **This letter is important** because it contains information that will be used by the Canada Border Services Agency to issue your study permit. Please do not misplace it.

You must seek entry to Canada to obtain your study permit by 2023/12/31 (yyyy/mm/dd). Your passport must be valid beyond the period you intend to remain in Canada. If not, the validity of your study permit will not be issued beyond the expiry date of your passport, or, for United States citizens and permanent residents, the validity date of your identity document.

Note: As an international student in Canada, it is your responsibility to ensure that you continue to meet the conditions of your study permit, including the requirement to actively pursue studies. Your study permit will automatically become invalid 90 days after you complete your study program, regardless of the expiry date indicated on your study permit. For more information, please consult: <http://www.cic.gc.ca/english/study/index.asp>.

For officer use

TYPE: Permit - SP / Permis - PE

Document number: F313421394

Validity (YYYY/MM/DD): 2023/12/31

Must enter Canada by (YYYY/MM/DD): 2023/12/31

If you are from a country/territory which **requires** a temporary resident visa (TRV) (<http://www.cic.gc.ca/english/visit/visas.asp>), you have also been issued a visa. This visa has been affixed in your passport, and is valid for multiple visits to Canada until it expires. If you obtain a new passport before your visa expires, you will need to apply for a new visa. You may do so by visiting www.cic.gc.ca/english/information/applications/visa.asp.

Other than United States citizens, if you are from a country/territory which does **NOT require** a temporary resident visa (<http://www.cic.gc.ca/english/visit/visas.asp>), or if you are a permanent resident of the United States, you have also been issued an Electronic Travel Authorization (eTA). Your eTA is valid for multiple visits to Canada, until (yyyy/mm/dd). Your eTA number is and is linked to the passport you used when you applied to study in Canada. If you obtain a new passport before (yyyy/mm/dd), you will need to apply for a new eTA by visiting www.canada.ca/eTA.

If you are a United States citizen, you are not required to obtain an eTA or a TRV. United States citizens who do not have a passport may show their United States birth certificate or certificate of naturalization. United States permanent residents entering Canada from the United States may present their alien resident "green" card, instead of a passport.

In some provinces or territories, students are not eligible for public health insurance. You must ensure that you and any dependants have adequate health care insurance or financial resources to cover possible contingencies. Further information is available from the ministry of health of the province or territory in which you intend to study.
