Dear Harpreet Singh Dhaliwal:  
Student #T00609178

This letter is to inform you that we have received copies only of your university or college transcripts. As per policy we require that students provide official or certified institution attested copies of all transcripts (translated in English). These copies are sufficient for admission only and you will not be allowed to register in academic courses until we have received the required original or certified true documents. Please note that notarized copies are not acceptable.

It is advised that you send these transcripts as soon as possible and the deadline is the first day of classes in the semester you start at TRU. Also please be advised that once official transcripts are submitted to the Registrar's Office that they become property of TRU. If you have irreplaceable transcripts we advise you to arrange for the school to make you an attested copy. Please refer to the attested transcript request form.

In addition, if you have attended College or University and wish to apply for transfer credit to TRU we also require that your College or University documents be original or certified true copies (in English) and that you also provide course descriptions (syllabus) in order to determine if the courses will transfer to TRU.

Please contact me if you have any questions.

Yours sincerely,

A handwritten signature in blue ink that reads "Barth".
