Date Issued: 24-Aug-2021

Dear Komalpreet Kaur,

Congratulations! Following review of your Application for Admission and supporting documentation, Alexander College is pleased to offer you admission to the Associate of Science Degree, beginning 2022 Term Winter

Alexander College is committed to providing a truly international learning experience for students from Canada and around the world. Our students thrive in an inclusive and supportive environment, acquiring skills, knowledge, and experiences through which they become global citizens. We look forward to welcoming you to the Alexander College community!

Prior to the start of term, you are required to attend the New Student Orientation, which will be held on 06-Jan-2022. This session will convey important information and instructions regarding registration, access to student services, and many other topics to prepare you for successful studies at Alexander College. 2022 Term Winter begins on 10-Jan-2022.

To prepare for the start of your studies, please take time to review the following information:

MyAC Dashboard - <https://myac.alexandercollege.ca>

Important Dates - <https://alexandercollege.ca/admissions-and-registration/important-dates/>

Should you have any questions or require assistance with next steps, please contact your Enrolment Advisor.

Sincerely,

Office of the Registrar
