In the latter part of semester four, you will complete fieldwork hours on a full-time basis for at least 6-10 weeks, gaining valuable work experience and employment references. **Students in the Occupational Therapist Assistant and Physiotherapist Assistant program should be prepared to travel outside of Sault Ste. Marie in order to complete the required fieldwork placement in the fourth semester.** Students should plan financially for these placements, as any expenses related to out of town travel and accommodations during fieldwork will be the responsibility of each student.

Please Note: All original placement documentation must be submitted to the appropriate college contact (listed above) by the program mandated deadlines. It is the responsibility of the student to keep up-to-date clinical and placement requirement documentation (and copies) to present to faculty and/or placement agencies as required. The College does not retain copies of any placement requirements.

Students are responsible for the full cost of obtaining placement requirements. Tuition is not refunded if access to clinical placement is denied or if proof of requirements is not submitted within the required timeframes mentioned above.

For the list of what you are required to have, please refer to the Placement Requirement At-A Glance chart below.

Clinical and Placement Requirement Specifics:

All Clinical and Placement requirements such as Standard First Aid, CPR/CPR – BLS, N95 Mask Fit tests, WHMIS, Police Vulnerable Sector Check must be obtained **after your arrival in Ontario.**

Sault College cannot guarantee that appointment dates or course times to obtain your clinical and placement requirements will be available prior to identified program deadlines. If necessary, a list of available resources within the community can be provided.

Standard First Aid, CPR - BLS, and the N95 Mask Fit Test are offered through Sault College's Continuing Education Department. You may register and pay for these required courses online through your Sault College Student Portal: Go to "My Records" and select the Continuing Education Course Registration link. You may also access these courses through other providers as long as they meet the clinical/placement requirement specifications.

WHMIS - The WHMIS course is available to registered students free of charge on LMS (Learning Management System). Registration takes place after mid-August and mid-December when tuition has been paid. The WHMIS course can be found on the Program Home Page. Once the WHMIS course is successfully completed with a grade of 80% or greater, you will receive notice approximately 20 minutes later on LMS of a link to your Certificate of Completion.

Police Vulnerable Sector Check (PVSC):

Students will be advised of the process to obtain a Police Vulnerable Sector Check during the first month of the first semester or when field placements are confirmed.

If your program requires a **Police Vulnerable Sector Check (PVSC):**

The laws, rules and regulations regarding the acquisition of a criminal record check and the Sault College Criminal Record Check Policy shall be enforced and applied in accordance a manner consistent with the Ontario *Human Rights Code*, the *Police Record Checks Reform Act*, 2015 and all other applicable statutes or regulations.

Why is a Police Vulnerable Sector Check necessary?

Sault College placements are bound by this policy and the policies of placement providers. Given this, the purpose of a police vulnerable sector check includes but is not limited to the following:

1. The protection of vulnerable persons;
2. The protection of the interests of students;
3. The protection of the interests of the placement agencies; and
4. The protection of the interests of the College and its employees.

Individuals who have charges, pending charges or a criminal conviction for which record suspension has not been granted, must contact the College Contact listed above for their program. A meeting will be scheduled with the Chair to discuss their ability to participate in experiential learning in order to complete all program graduation requirements. If a student fails to disclose this information, their academic status will be adversely affected. Prospective students should know that if a criminal record exists, the student's ability to complete the academic requirements and graduate from their program may be in jeopardy.

Questions: If you have any questions about any of the placement requirements and the submission of these documents, please contact your College Contact listed above for your program.

Immunizations:

Notice to International Students: The necessary immunizations for your program (see chart below) can be obtained from your home country and will need to be translated. You will need to submit these immunization records along with the Sault College Health Form to the Sault College Health Centre.

International students completing a program with a practicum (field/clinical placement) component must obtain a Co-op/Work Permit from Immigration, Refugees and Citizenship Canada stating that they are permitted to attend practicum as an integral part of their studies.
