### Official Transcript Submission

Students must submit their official transcripts by the start of their first term. Non-receipt of an official transcript will result in a hold being placed on the student record and registration into classes denied.

An official document is defined as an original (or attested) copy being received directly from the institution of issuance without interference. This means that your transcripts must be issued by the educational institution in a sealed envelope bearing the original institutional seal, stamp, or signature. Do not open it. You may then bring this envelope to the Registrar's Office at International Business University when you arrive to register.

Opened transcripts, photocopies, faxed copies, and certified/notarized copies are not acceptable and should not be submitted. Third party evaluations such as those provided by credential evaluation services will not be accepted in place of official transcripts.

Official documents required:

- Official transcripts issuing authority.
- Proof of Language Proficiency (undertaken in last 2 years), if required.

### Privacy Notice
