Dear **Eniola Toluwalope Oluwatunmise**,

I am delighted to confirm that your recent application to study at the Beta College of Business and Technology has been successful.

Beta College takes great care in selecting incoming students from the pool of unique applications. As a student at Beta College, you will join a group of students from various countries who choose us for very many reasons. I am confident you will harness your passion and drive to contribute to our vibrant Greater Toronto community.

I am attaching your Letter of Acceptance and any other material you need to attend Beta College. This is an exciting and challenging time in your professional life; with this in mind, the staff and faculty at Beta College will be on hand to provide you with the complete support and required assistance you may need to complete your program.

Please present this letter to apply for your study permit at the nearest Canadian Embassy, High Commission Office, or Consulate. Once approved, please email us a copy of your study permit to [admin@betacollege.ca](mailto:admin@betacollege.ca). If you withdraw, cease to attend classes, or become part-time, you should know that we will inform Immigration and Citizenship Canada about your status change. You should apply for your work permit (Co-Op) while applying for your study permit. Beta College programs have Co-Op, Internships, and Placement guidance facilities.

Suppose you arrive in Canada before the scheduled orientation period or extend beyond the completion of your program. In that case, you must ensure valid and adequate health insurance.

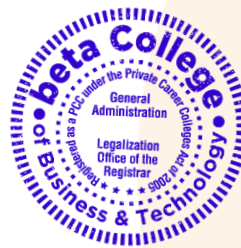

Please do not hesitate to contact us if you have any further questions. We look forward to meeting you and welcoming you to Canada.

Yours sincerely,
