Tuition and Payment

All fees should be made payable to Centennial College and deposited in the student's account. International tuition fees should be paid using one of the three preferred vendors available for international applicants, which you can view on our website:

<https://www.centennialcollege.ca/international-education/payment-options-for-international-students>

*An official Fee Estimate will be issued to you when the fees are approved. The tuition fees quoted in **this** Letter of Acceptance (LOA) is based off the previous year, therefore the Fee Estimate may vary. Tuition excludes any program specific costs, uniform, immunization, and supplies.

In some cases, it is not possible to quote the tuition fees for an entire program. Fees listed above cover the specified number of semesters only. Some programs have more than two semesters in the first year. Additional tuition fees/health insurance will apply for the additional semesters. For example, one-year programs with three semesters will have a separate Fee Estimate sent for the third semester tuition fees.

The deposit of \$2,650 only holds your spot until the "First Semester Fees Due Date" and does not allow registration.

**If this letter is received after the "First Semester Fees Due Date," arrangements should be made to pay the full semester tuition as soon as possible and contact your admissions representative to confirm if the program is still available. Full fees are due on the above "First Semester Fees Due Date."

The College reserves the right to withdraw confirmed applicants who have not paid their deposit or tuition by the deadlines outlined in this offer.
