This refers to your application for a student permit to Canada. I have completed my assessment of your application and I have determined that you do not meet the requirements for a student permit; therefore, your application is refused.

In reaching a decision, an officer considers several factors; these may include the applicant's travel and identity documents, reason for travel to Canada, contacts in Canada, financial means for the trip; ties to country of residence (including immigration status, employment and family ties) and whether the applicant would be likely to leave Canada at the end of his/her authorized stay.

In accordance with Section A11(1) of the *Immigration and Refugee Protection Act (IRPA)*, any person wishing to become a temporary resident of Canada must satisfy an officer that he or she is not inadmissible to Canada and meets the requirements of the Act. This includes the requirement to establish to the satisfaction of the officer that the applicant will respect their conditions of admission and will leave Canada by the end of the period authorized for his or her stay.

This application is closed. Please note that any new information you wish to provide must be submitted with a new application and processing fee. Should you wish to reapply, I would suggest that you do so only if your situation

has changed substantively or you have significant new information to submit.

If you have submitted your original passport to the Visa Application Centre (VAC) with your application, please note that it will be returned to you by the VAC within a few days.

Sincerely,

Officer
