Reasons for the refusal of your application

To help you understand why your application was refused, below are the **Officer Decision Notes (ODN)** specific to your application as they are displayed in IRCC's system.

These notes were entered by the officer who assessed and made the final decision on your application.

- I have reviewed the application for a Study permit.
Letter of Acceptance from Pacific Link College, Program: Health Science Community Support and Administration. Tuition: \$19,900 and as per LOA fees prepaid however the documentation provided do not support this claim. Bank statement in the amount of approximately \$12,000 provided. I am not satisfied that the client has sufficient and available funds/financial resources without working in Canada to 1) pay in full the first academic year tuition fee and 2) to meet the cost of living requirements of \$20,635 as required.

It is noted that the client completed a post baccalaureate Diploma in Human Resource in August 31, 2021. Therefore, the proposed studies do not represent a logical academic progression. Submissions do not demonstrate that the client has strong ties to their home country and given the low funds presented, I am not satisfied that the client will leave after the period authorized for stay.

Application is refused. Client advised must leave.
