Application number: S302610051

UCI: 1112977589

Dear ARSHDEEP SINGH

Congratulations on being granted your study permit! Your journey to discovering Canada begins here.

Please note that you should not travel to Canada on your student visa more than 3 weeks before the start date of your program. If you travel too early, the Canada Border Services Agency may deny you entry into the country.

-
Also kindly note that the Port of Entry letter/Letter of Introduction is not required for you to travel to Canada. The information about your permit is in our global computer system and can be accessed by immigration officials in Canada. Please proceed to travel to Canada within the validity of the visa placed in your passport; your permit will be issued upon your arrival in Canada.

-
While you begin this exciting journey we understand that you do miss your family back home. Wouldn't you love it if your family could visit you to share this wonderful experience?

So invite them to join you in Canada this year but make sure to apply online to benefit from expedited and streamlined processing. **Click on the picture below to apply for their Visitor Visa.**

[Come to Canada](#)

Holidays are always best spent when you have family around. So don't be late, apply early to avoid delays.

For any queries regarding online visa applications visit our [Facebook page](#) or write to Delhiimmigration@international.gc.ca

Sincerely,

The New Delhi Migration Section
