Good day,

Your application to remain in Canada as a temporary resident has been approved. You may begin your studies at your Designated Learning Institution (DLI). Your study permit has been mailed to you at the address indicated in your file. If you have not received your secure document within six weeks, [contact IRCC](#).

Please note that as per the Immigration and Refugee Protection Regulations (IRPR), a valid medical examination is required if you are seeking to work in certain occupations in which the protection of public health is essential. Please review the [Medical exams for visitors, students and workers](#) page to find out more about such occupations.

If you do not have valid medical results you may have received one or both of the following conditions printed on your permit:

- Not authorized to work in childcare, primary or secondary school teaching, health service field occupations;
- Not authorized to work in agricultural occupations.

If you wish to remove these conditions on your Permit, you will need to complete a medical examination and then, you must submit a new application. You also need a valid medical exam if:

- You plan to stay for more than 6 months and;
- You lived in one or more of these [countries or territories](#) for at least 6 months in a row within the last year.
